7:00 P.M. 1st and 3rd
Mondays of each
month.

**Planning & Zoning
Meeting** 7:00 P.M.
3rd Wednesday of
each month.

Community Garage Sales

Covington Community garage sales will be held this year on May 31, June 1, and 2. Fall village garage sales will also be held on Labor Day weekend.

Large Item Pickup

The Village will again provide curb-side pickup of large items the week after the June garage sales. This service will be provided to residential trash customers at no additional cost the week of June 4.

Summer Construction Projects

The Villages' annual sidewalk replacement program is underway with a scheduled completion date of July 1st.

Engineering work on High Street is also continuing. Data has already been collected on traffic flow and patterns. Street subsurface borings will be completed the first week of June. This information will be submitted to ODOT later this year as part of our phase 1 design.

Zoning Permits

Summer residential construction projects are already well underway. Residents are reminded to contact the Government Center before beginning any projects to determine if a zoning permit is required. Please remember to call 811 (Ohio Utilities Protection Service) to have your utilities marked before doing any digging.

Mosquito Control

If you have been watching the news you are probably aware of the growing concern for diseases such as West Nile and Zika which can be transmitted by mosquitos. The Village of Covington is continuing its mosquito fogging program again this year, but fogging alone is not enough. Standing water becomes a breeding ground for disease carrying mosquitos. Items such as used tires, buckets, or unused swimming pools may become a haven for thousands of mosquitos. We ask that each property owner check his or her property to be sure that all items or areas that allow standing water are eliminated. With your help, we can work to control the mosquito population in Covington.
